

LC APC Fiber Optic Adapters

Avalon LC Optical Fiber Adaptors are made to highest manufacturing standards. APC adaptor is a mechanical device designed to align Optical Fiber Connectors. Avalon Adaptors contains the interconnect sleeve holding two ferrules together. Adaptors can be used to connect Fiber Connectors of the same type.

Features

- Simplex or Duplex
- Low insertion loss and back reflection loss
- High precision alignment
- Compact design

Applications

- Telecommunication networks
- FTTX, FTTH
- LAN, WAN, CATV networks
- Fiber communications, Data communication networks and processing, Industrial, Mechanical and Military.

Specification

APC Specification	
Fiber Type	Single-mode, Duplex
Insertion loss	0.2dB
Return Loss	.45dB
Mating Durability	-0.2dB typical change, 1000 times
Operating Temperature	-40 — +75°C
Storage Temperature	-40 — +85°C

Ordering information

Part Number	Description
ANA-SM-LC/APC-DP	LC/APC Duplex Singlemode Fiber Optic Adaptor
